## **MAiNS international**

To be successful in the Chinese market as an international company, MAiNS has recently introduced its 'business support services'. With a range of services, MAiNS supports your business goals and activities within China, so that they are efficiently and effectively deployed and strengthened. If you have, for example, an outstanding quotation or an order from China, but you are not sure whether the company is truly legitimate, MAiNS can monitor the business for you and even communicate directly on your behalf.

The business support services MAiNS offers can be broadly divided into the following activities currently conducted for our existing customers with a wide variety of payment methods including:

- Management Services
- Business Development
- Act as agent on behalf of our customer
- Variabilization

## ***Dutchese group***

Dutchese Group is a private company with locations in Shanghai, Hong Kong and Rotterdam. We are the partner of Dutch governments & companies with ambition in China, and help them with (new) Business Development. At the same time, we are the official China Partner of Rotterdam Partners.

By being present and operative in both China/Hong Kong and the Netherlands we are able to assist companies effectively and independently with setting up or optimizing their activities in China.

Dutchese Group was founded on the basis of the sister-city relationship between Shanghai-Rotterdam, and RCRO office (est. 1987).

Our activities can be divided in three categories: • Trade (Business Development, Marketing & Promotion) • Investments (Direct access to Asian investors and capital) • Delegation support (Strong network of local government and businesses)

Due to our unique method and strengths, we have already helped more than 2.000 companies doing business in China.

### Maxxelli

Maxxelli Consulting is a subsidiary of the Dutch-owned Maxxelli Real Estate. During the last seven years Maxxelli Real Estate Ltd. has delivered consulting services to SMEs and multinationals. Maxxelli Consulting is an innovative, efficient and result-driven consulting firm specializing in second-tier city industries. They have offices throughout China with a sustainable backbone of local and western professionals, who have experience working in both China and overseas. Their projects extend to a vast range of fields such as retail, manufacturing, IT and industrial development consulting. Currently, they are the distributor for a Belgium ice cream brand "Glacio" and cold chain logistic in south-west China is a big challenge for them.
